The formal notice of Annual Meeting of Shareholders and the Proxy Statement describing the matters that we expect to act upon at the Annual Meeting are enclosed.

Whether or not you attend the Annual Meeting of Shareholders, it is important that your shares be represented and voted at the Annual Meeting of Shareholders. After reading the Proxy Statement, please promptly vote and submit your proxy by signing and returning the enclosed proxy card in the enclosed postage-paid return envelope. **Your vote is very important. Please vote your shares at your earliest convenience. This will ensure the presence of a quorum at the meeting, and promptly voting your shares by signing, dating and returning the enclosed proxy card or voting instruction form will save the expenses and extra work of solicitation.** We have enclosed an envelope, postage prepaid if mailed in the United States, for your convenience. Submitting your proxy now will not prevent you from voting your shares at the meeting, as your proxy is revocable at your option. You may revoke your proxy at any time before it is voted by delivering to the Company a subsequently executed proxy or a written notice of revocation or by voting at the Annual Meeting.

The Board of Directors and Management look forward to seeing you at the Annual Meeting.

Sincerely yours,

R. Chad Prashad

President and Chief Executive Officer

PROXY STATEMENT

This Proxy Statement is being furnished to you in connection with the solicitation of proxies by the Board of Directors (the “Board”) of World Acceptance Corporation (the “Company”) to be used at our 2022 Annual Meeting of Shareholders and any adjournments or postponements thereof (the “Annual Meeting”). Our Annual Meeting will be held at our principal executive offices at 104 S. Main Street, Suite 400, Greenville, South Carolina 29601, at 8:30 a.m., local time, on August 17, 2022. This Proxy Statement and the accompanying form of proxy card are first being mailed or made available to shareholders on or about July 18, 2022.

Appointment of Proxy Holders

The Board asks you to appoint R. Chad Prashad and Luke J. Umstetter as your proxy holders to vote your shares at the Annual Meeting. You make this appointment by voting the enclosed proxy card using one of the voting methods described below.

If appointed by you, the proxy holders will vote your shares as you direct on the matters described in this Proxy Statement. In the absence of your direction, they will vote your shares as recommended by the Board.

Unless you indicate otherwise on the proxy card, you also authorize your proxy holders to vote your shares on any matters not known by the Board at the time this Proxy Statement was printed and which, under our Eighth Amended and Restated Bylaws (the “Bylaws”), may be properly presented for action at the Annual Meeting.

Who Can Vote

Only shareholders who owned shares of our common stock at the close of business on July 6, 2022, the Record Date for the Annual Meeting, can vote at the Annual Meeting. As of the close of business on the Record Date, we had 6,280,721 shares of common stock outstanding and entitled to vote. Each holder of common stock is entitled to one vote on each matter to be voted upon at the Annual Meeting for each share held as of the Record Date. There is no cumulative voting in the election of directors.

How You Can Vote

If you are a stockholder of record, you may vote your shares at the Annual Meeting either in person or by mail. Shareholders holding shares through a bank or broker should follow the voting instructions on the voting instruction form received from such bank or broker. Giving a proxy will not affect your right to vote your shares if you attend the Annual Meeting and want to vote in person.

Voting by Mail. You may vote your shares by proxy by signing, dating and returning your proxy card in the enclosed postage-prepaid return envelope.

Voting In Person. You may vote in person at the Annual Meeting. If you hold shares through a bank or broker, you must obtain a proxy, executed in your favor, from the bank or broker to be able to vote in person at the Annual Meeting. Voting by mail will not limit your right to vote at the Annual Meeting, if you decide to attend in person.

If you submit your proxy but do not mark your voting preference, the proxy holders will vote your shares as recommended by the Board or, if no recommendation is given, in their own discretion.

Revocation of Proxies

If you are a stockholder of record, you can revoke your proxies at any time before they are exercised in any of three ways by:

- voting in person at the Annual Meeting;
- submitting written notice of revocation to the Corporate Secretary that is received prior to the Annual Meeting; or
- submitting another properly executed proxy of a later date that is received prior to the Annual Meeting.

If you hold shares through a bank or broker, you should follow the instructions on the voting instruction form received from such bank or broker to revoke or change your vote.

Proposals to Be Considered

Shareholders will have the opportunity to vote on the following proposals at the Annual Meeting:

1. Elect seven (7) directors;
2. Approve, on an advisory (non-binding) basis, the compensation of our named executive officers as described in this Proxy Statement; and
3. Ratify the appointment of RSM US LLP as our independent registered public accounting firm.

Quorum and Vote Necessary for Action

Quorum. The presence of the holders of a majority of the outstanding shares of the corporation entitled to vote at the Annual Meeting, represented in person or by proxy, is necessary to constitute a quorum.

Broker Non-Votes. A broker holding shares in “street name” for a beneficial owner has discretion (but is not required) to vote the client’s shares with respect to “routine” matters if the client does not provide voting instructions. The broker, however, is not permitted to vote the client’s shares with respect to “non-routine” matters without voting instructions. Proposals 1 and 2 are deemed “non-routine” matters, while Proposal 3 is deemed a “routine” matter under applicable stock exchange rules. A “broker non-vote” occurs when your broker submits a proxy for your shares but does not vote on a particular proposal because the broker does not have discretionary voting power for that item and has not received instructions from you. Broker non-votes, if any, will be counted for purposes of determining a quorum for the Annual Meeting but will not be treated as votes cast and thus will have no effect on the vote required for any of the matters to be voted upon at the Annual Meeting. Accordingly, we encourage you to provide voting instructions to your broker, whether or not you plan to attend the Annual Meeting.

Abstentions and Withheld Votes. If you abstain from voting or withhold your vote on a particular matter, your vote will be counted for purposes of determining whether a quorum is present but will not be treated as cast either for or against that matter.

Required Vote. Assuming a quorum is present at the Annual Meeting, directors will be elected (Proposal 1) by a plurality of the votes cast, which means that the seven director nominees who receive the greatest number of “for” votes will be elected. You may vote “for,” “for all except” or “withhold” your vote with respect to the election of directors. Votes indicated as “withheld” and “broker non-votes” will not be deemed cast for nominees and will have no effect on the outcome of the election (other than with respect to the majority voting policy contained in our Governance Policy (See "Corporate Governance-Director Resignation Policy," below)). Despite this plurality voting standard set forth in our Bylaws, our Governance Policy requires that in an uncontested election of directors, any nominee who receives a greater number of votes “withheld” from his election than votes “for” his election will, within five (5) days following the certification of the shareholder vote, tender his written resignation to the Chairman of the Board for consideration by the Nominating and Corporate Governance Committee. Nominees for election to our Board must agree that their nomination is contingent upon adherence to this majority voting policy. See “Corporate Governance—Director Resignation Policy,” below for additional information on this director resignation policy.

The compensation of our named executive officers (Proposal 2) will be approved, on an advisory (non-binding) basis, by the affirmative vote of the majority of the shares voted on such proposal. The appointment of RSM US LLP as our independent registered public accounting firm for the fiscal year ending March 31, 2023

(Proposal 3) will be approved by the affirmative vote of the majority of the shares voted on such proposal. You may vote “for” or “against” or “abstain” from voting with respect to Proposals 2 and 3. Abstentions and “broker non-votes” will not be deemed to be shares voted and thus will have no effect on the outcome of Proposals 2 or 3. If you hold your shares in street name and fail to instruct your broker or nominee how to vote, a “broker non-vote” on Proposals 1 and 2 will occur with respect to your shares; however, on Proposal 3, your broker or nominee will, nonetheless, have discretionary authority to vote your shares if it chooses to do so.

Recommendation of the Board of Directors

The Board recommends that you vote:

1. FOR the election of each of the seven nominees for director;
2. FOR the approval, on an advisory (non-binding) basis, of the compensation of our named executive officers as described in this Proxy Statement; and
3. FOR the ratification of the appointment of RSM US LLP as our independent registered public accounting firm for the fiscal year ending March 31, 2023.

Solicitation of Proxies

The Company will pay the cost of soliciting proxies. Proxies may be solicited on our behalf by directors, officers or employees (for no additional compensation) in person, by telephone or by electronic transmission. Brokers and other nominees will be requested to solicit proxies or authorizations from beneficial owners and will be reimbursed for their reasonable expenses. At this time we have not engaged a proxy solicitor. If we do engage a proxy solicitor, we will pay the customary costs associated with such engagement.

Important

Please promptly submit your proxy by signing, dating, and returning the enclosed proxy card in the postage-prepaid return envelope so that your shares can be voted. This will not limit your rights to attend or change your vote at the Annual Meeting.

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE ANNUAL MEETING OF SHAREHOLDERS TO BE HELD ON AUGUST 17, 2022

The Notice of Annual Meeting of Shareholders, Proxy Statement, and Annual Report on Form 10-K are available free of charge at <http://wrlld.irinfo.com/WRLD2022.html>. or through the U.S. Securities and Exchange Commission's (the "SEC") website at www.sec.gov.

PROPOSAL 1 - ELECTION OF DIRECTORS

Upon the recommendation of the Nominating and Corporate Governance Committee, the Board has nominated the seven (7) director candidates for whom individual biographies are presented below for election at the Annual Meeting. Unless you select “withhold” or “for all except” (and specify the nominee(s) for whom you do not intend to vote) on your proxy card, the proxy holders will vote your shares “FOR” each of the seven nominees for director listed below. Although we expect that each of the nominees for director will be available for election, if any vacancy in the slate of nominees occurs, we expect that shares of common stock represented by proxies will be voted for the election of a substitute nominee or nominees recommended by the Nominating and Corporate Governance Committee and approved by the Board. There are no family relationships among the directors, director nominees, and executive officers of the Company.

The table below sets forth the names, ages, term in office, committee assignments, and biographical information of the nominees for director. Included with each nominee’s biography is a description of the qualifications, experience, attributes and skills of that nominee that led the Board to conclude that each nominee is well qualified to serve as a director. Our Board has determined that all of the nominees, except for R. Chad Prashad who serves as our current President and Chief Executive Officer, are “independent” within the meaning of The NASDAQ Stock Market LLC (“NASDAQ”) listing standards and our Governance Policy.

Required Vote and Recommendation

Assuming the existence of a quorum, directors are elected by a plurality of the votes cast, which means that the seven director nominees who receive the greatest number of “for” votes will be elected. Our Articles of Incorporation provide that cumulative voting is not available in the election of directors. You may vote “for,” “for all except” or “withhold” your vote with respect to the election of directors. Votes indicated as “withheld” and “broker non-votes” will not be deemed cast for nominees and will have no effect on the outcome of the election (other than with respect to the majority voting policy contained in our Governance Policy (See "Corporate Governance-Director Resignation Policy," below)).

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE ELECTION OF EACH NOMINEE FOR DIRECTOR.

CORPORATE GOVERNANCE

Governance Policy

We believe that good corporate governance practices are essential to our core values of ethical business, service of shareholders' interests, and good corporate citizenship. The Board has adopted a Governance Policy in furtherance of those goals and to promote the effective functioning of the Board and its committees and to ensure a common understanding among individual directors and management concerning the operation of the Board and its committees.

Code of Business Conduct and Ethics

The Company has adopted a written Code of Business Conduct and Ethics (the "Code of Ethics") that applies to all directors, officers and employees of the Company, including our President and Chief Executive Officer (our principal executive officer), our Executive Vice President and Chief Financial and Strategy Officer (our principal financial officer), and our Senior Vice President of Accounting (our principal accounting officer). The Code of Ethics is available on our website. In the event the Company amends any of the provisions of the Code of Ethics that require disclosure under applicable law, SEC rules or NASDAQ listing standards, we intend to disclose such amendment on our website. Any waiver of the Code of Ethics for any executive officer or director must be approved by the Board or a Board committee and will be promptly disclosed as required by law or applicable stock exchange or trading market regulation.

Insider Trading Policy

We maintain an Insider Trading Policy that prohibits our directors, officers, and employees from buying or selling our common stock or other securities while being aware of material, non-public information about the Company. It also prohibits the disclosure of such information to others. Our Insider Trading Policy also prohibits our directors, officers, and employees, and their designees, from engaging in hedging activities or other short-term or speculative transactions in the Company's securities such as prepaid variable forward contracts, equity swaps, collars, exchange funds, short sales, puts, calls or any similar transaction involving the Company's securities. In addition, our directors, officers, and employees must obtain pre-clearance from our Chief Financial Officer before placing Company securities in a margin account or otherwise pledging Company securities as collateral for a loan. Our Chief Financial Officer will consider whether the director, officer or employee demonstrates the ability to repay the obligation with assets other than the pledged Company securities. Additional limitations apply to directors, officers and other employees designated by the Board or Chief Financial Officer as "insider."

Availability of Policies and Board Committee Charters

Copies of our Governance Policy, Code of Business Conduct and Ethics, Insider Trading Policy and the charters of the Audit and Compliance Committee, Compensation and Stock Option Committee, and Nominating and Corporate Governance Committee of the Board are all available on our website at www.loansbyworld.com (by clicking the "About" tab, then "Investor Relations" link, and then "View All" under the "Corporate Governance Documents" heading) and to any shareholder who requests a copy by writing to the Company's Corporate Secretary at P.O. Box 6429, Greenville, South Carolina 29606. References to our website throughout this Proxy Statement and the accompanying materials are for informational purposes only or to fulfill specific disclosure requirements of the SEC's rules. These references are not intended to, and do not, incorporate the contents of our website by reference into this Proxy Statement or the accompanying materials.

Director Independence

Our Governance Policy requires that a majority of our directors be "independent directors." An "independent director" is someone who (i) satisfies the criteria for independence established by SEC rules and NASDAQ listing standards, (ii) who has not been employed by the Company in the past three years, and (iii) as to whom neither the person nor a family member has received more than \$100,000 in compensation from the Company in any twelve-month period (other than for Board service). The Board has determined that Ken R. Bramlett, Jr., Scott J. Vassaluzzo, Charles D. Way, Darrell E. Whitaker, Elizabeth R. Neuhoff, and Benjamin E. Robinson III are independent within the meaning of the NASDAQ rules and our Governance Policy. However, the Board previously determined that R. Chad Prashad is not independent due to his employment as an executive officer with the Company.

Board Leadership

Our Board of Directors is committed to strong, independent leadership and believes that objective oversight of management performance is a critical aspect of effective corporate governance. Our Governance Policy provides that the Board will appoint an independent director to act as a non-executive Chairman of the Board, who must meet the standards for determining director independence set forth by NASDAQ and our Governance Policy.

The positions of Chairman of the Board and Chief Executive Officer are therefore held by separate individuals, with Ken R. Bramlett, Jr., an independent director, serving as Chairman and R. Chad Prashad serving as our Chief Executive Officer. The Chief Executive Officer establishes the corporate direction and strategy and is responsible for the day-to-day leadership and performance of the Company, while the Chairman acts as principal liaison between the independent directors and the Chief Executive Officer, coordinates the activities of the independent directors, receives and oversees responses to shareholder communications, approves retention of counsel or consultants who report to the Board, advises the Board as to an appropriate schedule for Board and committee meetings, establishes with the CEO the agenda for meetings of the Board and presides over meetings of the full Board. In addition, the Chairman performs such other duties as may be directed by the Board. The Board reserves for its action certain material or strategic matters and directs the Chief Executive Officer as to matters of Company action on which the Board is to be kept informed. We believe this structure promotes active participation of the independent directors and strengthens the role of the Board in fulfilling its oversight responsibility and fiduciary duties to our shareholders while recognizing the day-to-day management direction of the Company by the Chief Executive Officer. We believe this structure facilitates efficient management oversight and assists the Board in meeting its governance duties. The Board believes that our current leadership structure is appropriate for us at this time.

Executive Sessions of Independent Directors

Consistent with our Governance Policy, independent directors meet separately from the other director(s), if any, and without management present at regularly scheduled executive sessions. Executive sessions are generally held after each regularly scheduled Board meeting and are presided over by the Chairman of the Board. The Chairman coordinates and develops the agenda for executive sessions.

Board Risk Oversight

The Board is responsible for overseeing the Company's risk profile and management's processes for assessing and managing risk. The Board and its committees take an active role in overseeing the assessment and management of risks. The Board believes an effective risk management system will (i) timely identify the material risks faced by the Company, (ii) ensure communication of necessary information with respect to material risks to senior executives and, as appropriate, the Board or relevant committees, (iii) facilitate implementation of appropriate and responsive risk management strategies consistent with our risk profile, and (iv) integrate risk management into our decision-making. The Board and its committees regularly receive information regarding our financial position, capital structure, operations, cybersecurity, strategy, compensation, compliance activities, corporate governance matters, and risk management from senior management. During its review of such information, the Board and its committees discuss, review, and analyze risks associated with each area.

Certain significant categories of risk are assigned to designated Board committees (which are comprised solely of independent directors), which report to the full Board. The Board of Directors is regularly informed about the activities of its committees through committee reports and other communications. In general,

- the full Board oversees risks involving the capital structure of the enterprise, including borrowing, liquidity, allocation of capital and major capital transactions and expenditures, and the strength of the finance function;
- the Audit and Compliance Committee oversees risks related to financial controls and internal audit, legal, regulatory and compliance risks, related party transactions, technology, data protection, privacy, information security and the overall risk management governance structure and risk management function;
- the Compensation and Stock Option Committee oversees the risks associated with our compensation plans and arrangements, including risks related to human capital management, recruiting, retention, and attrition and oversees our compensation programs so that they do not incentivize excessive risk-taking as described in more detail below under "Corporate Governance-Committees of the Board-Compensation and Stock Option Committee;" and
- the Nominating and Corporate Governance Committee oversees risks associated with our overall governance practices and the leadership structure of our Board of Directors.

In performing their oversight responsibilities, the Board and its committees review policies and guidelines that senior management uses to manage the Company’s exposure to material categories of risk. In addition, the Board and its committees review the performance and functioning of the Company’s overall risk management function and senior management’s establishment of appropriate systems for managing legislative and regulatory risk, credit/counterparty risk, market risk, interest rate risk and asset/liability matching risk, insurance risk, liquidity risk, operational risk and reputational risk. The Board believes the leadership structure described above appropriately supports administration of the risk oversight function.

Committees of the Board

The Board has a standing Audit and Compliance Committee, Compensation and Stock Option Committee, and Nominating and Corporate Governance Committee. The following table shows the current membership of each of these committees.

Director Name	Audit and Compliance	Compensation and Stock Option	Nominating and Corporate Governance

Audit and Compliance Committee

The Audit and Compliance Committee was established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and is appointed to assist the Board in discharging its oversight responsibilities relating to (i) the Company’s accounting, auditing, and financial reporting processes generally, including the performance and independence of the independent registered public accounting firm and the audits of the Company’s financial statements, (ii) the Company’s systems of internal controls regarding finance and accounting, (iii) the establishment and administration of the Company’s Compliance Management System (“CMS”), which is designed to ensure compliance with applicable consumer financial laws and address and prevent associated risk of harm to consumers, and (iv) the Company’s risk management and compliance with legal and regulatory requirements. The Audit and Compliance Committee has ultimate authority and responsibility to select, evaluate and, where appropriate, replace the Company’s independent registered public accounting firm. The Audit and Compliance Committee also reviews and considers any “related person” transactions, within the meaning of Item 404(a) of Regulation S-K of the SEC, as well as any matters regarding the Company’s outside directors which the Audit and Compliance Committee believes may present a conflict of interest or potentially impair the independence of one or more of the Company’s outside directors. The Audit and Compliance Committee carries out all other tasks and responsibilities as more fully described in its charter.

The Board has determined, in accordance with NASDAQ listing standards, applicable SEC rules and our Governance Policy, that each member of the Audit and Compliance Committee is an independent director. In addition, the Board has determined that each member of the Audit and Compliance Committee meets the heightened independence requirements for audit committee members under the Exchange Act, applicable SEC rules and NASDAQ listing standards. The Board has also determined that each current member of the Audit and Compliance Committee, Messrs. Way, Bramlett, Robinson and Whitaker, is an “audit committee financial expert” as defined in Item 407(d)(5) of Regulation S-K. The Audit and Compliance Committee met four times with management and the Company’s independent registered public accounting firm to review interim financial information prior to its public release as well as to receive compliance and internal audit updates during fiscal year 2022. Additional information regarding the Audit and Compliance Committee is set forth below under “Proposal 3 - Ratification of Appointment of Independent Registered Public Accounting Firm.”

Compensation and Stock Option Committee

The Compensation and Stock Option Committee is appointed to assist the Board in discharging its responsibilities relating to (i) compensation of the Company's non-employee directors and officers and (ii) the granting of stock options and other forms of equity compensation under the Company's equity compensation plans. The Committee has overall responsibility for approving and evaluating the director and officer compensation plans, policies, and programs of the Company and for formulating, revising, and administering the Company's equity compensation plans. The Committee administers the Company's 2008 Stock Option Plan, the 2011 Stock Option Plan, and the 2017 Stock Incentive Plan. The Board has determined that each member of the Compensation and Stock Option Committee is (i) an independent director in accordance with the independence requirements for compensation committee members under NASDAQ listing standards and our Governance Policy; and (ii) a "non-employee director" under applicable SEC regulations.

The Compensation and Stock Option Committee reviews and considers the appropriateness of the Company's compensation policies and practices as they relate to risk management and risk-taking initiatives. As part of this assessment, the Compensation and Stock Option Committee discusses the following:

- whether the current compensation program is achieving the objectives that the Compensation and Stock Option Committee intended the program to achieve, including retention of key personnel and tying pay to performance;
- whether there are or have been unintended consequences associated with the Company's executive compensation program;
- whether the components of the compensation program encourage or mitigate excessive risk-taking;
- whether the Company's general risk management controls serve to preclude decision-makers from taking excessive risk in order to achieve incentives; and
- whether the balance between short-term and long-term incentives is appropriate to retain highly qualified individuals.

The Compensation and Stock Option Committee met two times during fiscal year 2022. Additional information regarding the Compensation and Stock Option Committee is set forth below under "Compensation Discussion and Analysis."

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee is appointed to assist the Board in discharging its responsibilities relating to (i) identifying and recommending qualified individuals for service on the Board and its committees, (ii) evaluating the composition of the Board and its committees, (iii) reviewing the Company's governance policies and procedures, and (iv) overseeing the evaluation of the Board and its committees. The Nominating and Corporate Governance Committee is also charged with reviewing management succession plans with our Chief Executive Officer and with periodically reviewing and assessing the adequacy of the Company's Governance Policy and Code of Business Conduct and Ethics and recommending to the Board any proposed changes that the Nominating and Corporate Governance Committee deems necessary or advisable. The Nominating and Corporate Governance Committee carries out all other tasks and responsibilities as more fully described in its charter. The Board has determined, in accordance with NASDAQ listing standards and our Governance Policy, that each member of the Nominating and Corporate Governance Committee is an independent director. The Nominating and Corporate Governance Committee met twice during fiscal year 2022. For additional information regarding the Nominating and Corporate Governance Committee, see "Corporate Governance-Director Nominations."

Our Governance Policy requires the Nominating and Corporate Governance Committee to assess the performance of the Board as a whole at least annually and give a report of its assessment to the Board.

Committee Advisors

The charter of each of the Audit and Compliance Committee, the Compensation and Stock Option Committee, and the Nominating and Corporate Governance Committee authorizes the committee to engage outside counsel and advisors, including search firms in the case of the Nominating and Corporate Governance Committee and compensation consultants in the case of the Compensation and Stock Option Committee, and requires the Company to provide appropriate funding, as determined by the committee, for any such counsel or advisors.

Compensation Committee Interlocks and Insider Participation

During fiscal year 2022, the Compensation and Stock Option Committee was composed of Messrs. Bramlett (Chair), Vassalluzzo, and Way with Ms. Neuhoff also joining in fiscal 2022. None of the members of the Compensation and Stock Option Committee during fiscal year 2022 were either an officer or employee of the Company or a former officer of the Company. During fiscal year 2022, no executive officer of the Company served as a director or as a member of the compensation committee of the board of directors of another company which had an executive officer serving as a director of the Company or as a member of the Compensation and Stock Option Committee. In addition, during fiscal year 2022, no member of the Compensation and Stock Option Committee engaged in any related party or other transaction of a type that is required to be disclosed pursuant to Item 404 of SEC Regulation S-K.

Director Attendance at Board and Committee Meetings and the Annual Meeting of Shareholders

During fiscal year 2022, the Board held four meetings, and each director attended at least 75% of these meetings during the time in which she/he was a director. Each director also attended all of the meetings of the committees of the Board on which such director served during the time in which she/he was a committee member during fiscal year 2022.

Our Governance Policy requires a majority of our directors to attend the Annual Meeting, either in person or by telephone, absent extenuating circumstances. All of the nominees for election at the 2022 annual meeting of shareholders, who were serving as directors at such time, attended the prior year's annual meeting. The Company expects all nominees and directors to attend the Annual Meeting.

Director Nominations, Board Diversity, Qualifications, Skills and Experiences of our Directors

Director Nominations and Assessments

The Board is responsible for nominating Board members and for filling vacancies on the Board that may exist between annual meetings of shareholders, except to the extent that the Company's Bylaws or applicable South Carolina law require otherwise. The Board has delegated the screening process for director nominees to the Nominating and Corporate Governance Committee. Each member of such committee is an independent director in accordance with NASDAQ listing standards and our Governance Policy.

The Nominating and Corporate Governance Committee's process for recommending nominees begins with a preliminary assessment of each candidate based on the individual's resume and biographical information, willingness to serve and other background information. This information is evaluated against the criteria stated below and the specific needs of the Company at that time. After these preliminary assessments, the candidates who appear best suited to meet the Company's needs may be invited to participate in a series of interviews to continue the evaluative process. Incumbent directors, however, generally are not required to interview again after their initial term. On the basis of the information learned during this process, the Nominating and Corporate Governance Committee determines which individuals to recommend to the Board for nomination.

When seeking new director candidates, the Nominating and Corporate Governance Committee may solicit suggestions from incumbent directors, management, or others. Consistent with our Governance Policy, the Nominating and Corporate Governance Committee will also consider nominating candidates recommended by shareholders on a case-by-case basis. Shareholders may recommend a candidate in writing by following the instructions below under "*Shareholder Communications with Directors.*" Candidates recommended by shareholders are considered on the same basis and by the same standard as candidates selected by the Nominating and Corporate Governance Committee. It is important to distinguish between the recommendations of nominees by shareholders and nominations by a shareholder. Shareholders have certain rights under applicable law with respect to nominations, and any such nominations must comply with applicable law and provisions of the Bylaws of the Company. Our Bylaws include advance notice provisions for shareholder nominations, which, among other things, set forth the information shareholders must provide regarding themselves and the director nominee when submitting nominations and require such information to be submitted no sooner than 120 days and no later than 90 days prior to the anniversary date of the Company's last annual meeting of shareholders. See "Submission of Future Shareholder Proposals and Nominations for the 2023 Annual Meeting of Shareholders" for further information regarding the nomination process.

The Company's Governance Policy outlines certain general criteria for Board membership. These criteria reflect the Board's belief that all directors should have the highest personal and professional integrity and should be persons who have demonstrated exceptional professional ability, diligence, and judgment. In addition, the policy requires that at least a majority of the Board consist of independent directors. Directors should be willing and able to devote the required amount of time to Company business. The Nominating and Corporate Governance Committee believes that directors should have expertise that may be useful to the Company, and that the directors as a group should provide the Board with the following experience:

- *Leadership experience.* Directors with experience in significant leadership positions over an extended period, especially CEO or other C-level positions, provide the Company with special insights. These individuals generally possess strong leadership qualities and the ability to identify and develop those qualities in others. They also demonstrate practical understanding of organizations, processes, strategy, risk management, and the methods to drive change and growth.
- *Finance experience.* An understanding of finance and financial reporting processes is important. The Company measures its operating and strategic performances primarily by reference to financial targets. In addition, accurate financial reporting and robust auditing are critical to the Company's success. The Nominating and Corporate Governance Committee seeks to have a number of directors who qualify as audit committee financial experts, as well as an entire Board composed of financially literate directors.
- *Risk management oversight experience.* The Nominating and Corporate Governance Committee believes that risk management oversight experience is critical to fulfill the Board's responsibility to oversee the risks facing the Company.
- *Corporate governance experience.* The Nominating and Corporate Governance Committee believes that directors with corporate governance experience support the goals of a strong Board and management accountability, transparency, and promotion of shareholders' interests.
- *Legal experience.* The Nominating and Corporate Governance Committee believes that legal experience is valuable to the Board's oversight of the Company's legal and regulatory compliance.
- *General business experience.* The Nominating and Corporate Governance Committee believes that general business experience, as well as practical experience, is valuable to an understanding of the Company's business goals and strategies and helps to ensure that the Board is well rounded with respect to business issues.

When considering candidates for director, the Nominating and Corporate Governance Committee takes into account a number of factors in addition to those factors discussed above that the Company considers important qualifications for Board service. These other factors include whether the candidate is independent from management and the Company, the composition of the existing Board, and the candidate's existing commitments to other businesses.

The Company's Nominating and Corporate Governance Committee has used Find Great People, a nationally recognized talent acquisition and human resources consulting firm to assist in identifying or evaluating recent board candidates. However, the Nominating and Corporate Governance Committee may not always engage a third party to provide these services in the future.

Board Diversity Policy

In June 2019, our Board adopted a diversity policy (the "Diversity Policy") to further reinforce our commitment to achieve and maintain Board diversity in its broadest sense, reflecting, but not limited to, professional experience, industry background, education, geography, gender, race, ethnicity, sexual orientation, national origin, age, social class, beliefs, religion, and disability. The Board believes that maintaining a diverse membership with varying backgrounds, perspectives, skills, experiences, and other differentiating personal characteristics promotes inclusiveness, enhances the Board's deliberations, and enables the Board to better serve as effective, engaged stewards of our shareholders' interests. The Diversity Policy tasks the Nominating and Corporate Governance Committee with assessing Board composition and identifying suitable candidates for appointment or re-election to the Board while considering candidates based on merit and suitability having due regard to the benefits of diversity and the needs of the Board.

Pursuant to the Diversity Policy, the Nominating and Corporate Governance Committee will periodically assess the expertise, experience, skills, and backgrounds of its directors in light of the needs of the Board, including the extent to which the current composition of the Board reflects a diverse mix of knowledge, experience, skills, and backgrounds, including an appropriate number of minority and women directors. The Company is committed to a merit-based system for Board composition within a diverse and inclusive culture which solicits multiple

perspectives and views and is free of conscious or unconscious bias and discrimination. The Board believes promotion of diversity is best served through careful consideration of all the knowledge, experience, skills, and backgrounds of each individual candidate for director in light of the needs of the Board without focusing on a single diversity characteristic.

In the event of a vacancy on the Board, the Nominating and Corporate Governance Committee will include in its initial list of director candidates for potential recommendation to the Board one or more qualified women and minority candidates. The Nominating and Corporate Governance Committee will periodically assess the Diversity Policy's effectiveness in promoting a diverse Board and recommend any revisions to the Board.

Service on Other Boards; Age Limits

Directors are limited by our Governance Policy to serving on no more than five public company boards of directors. There are no predetermined term limits for directors. However, our Governance Policy states that a director will generally not serve beyond the term in which he or she attains the age of 70, provided that the Board may unanimously renominate a candidate over 70 years of age on an annual basis due to special circumstances based on a director's particular contributions and expertise.

Policy Regarding Director Changes in Employment

Our Governance Policy also requires a director who changes his or her employer or otherwise has a significant change in job responsibilities to give the Board written notice of the change and tender a letter of resignation to the Board and to all Board committees on which he or she serves. The Board, through the Nominating and Corporate Governance Committee, then determines whether or not to accept the resignation from the Board or from one or more of the committees.

Board Refreshment

In recent years we have added new directors, including one female director and one ethnically diverse director. As directors retire we will continue to look for opportunities to add new highly qualified directors consistent with our existing policies.

Director Resignation Policy

Our Governance Policy requires that in an uncontested election of directors, any nominee who receives a greater number of votes "withheld" from his or her election than votes "for" his or her election will, within five (5) days following the certification of the shareholder vote, tender his or her written resignation to the Chairman of the Board for consideration by the Nominating and Corporate Governance Committee. Nominees for election to our Board must agree that their nomination is contingent upon adherence to this majority voting policy. The Nominating and Corporate Governance Committee will consider such tendered resignation and, promptly following the date of the annual meeting of shareholders at which the election occurred, will make a recommendation to the Board concerning the acceptance or rejection of such resignation. The Board will take formal action on the Committee's recommendation no later than 90 days following the date of the shareholder meeting at which the election occurred. Following the Board's decision, the Company will promptly disclose the Board's decision.

Shareholder Communications with Directors

Any shareholder who wishes to communicate with the Board or any one or more individual directors may do so by writing to this address:

World Acceptance Corporation
Board Administration
c/o Corporate Secretary
P.O. Box 6429
Greenville, South Carolina 29606

Your letter should indicate that you are a shareholder. Such communications will be reviewed by our Corporate Secretary and Chairman of the Board, who will remove communications relating to solicitations, improper or irrelevant topics and the like. All other shareholder communications will be promptly forwarded to the applicable member(s) of the Board or to the entire Board, as requested in the shareholder communication.

DELINQUENT SECTION 16(a) REPORTS

Members of our Board of Directors, certain officers, and beneficial owners of more than 10% of our common stock are subject to the reporting requirements of Section 16(a) of the Exchange Act, which requires them to file reports with the SEC regarding their beneficial ownership and changes in beneficial ownership of our common stock. Based solely on a review of such reports filed and written representations from the Company's reporting persons, the Company believes that all Section 16(a) filing requirements were fulfilled on a timely basis during fiscal year 2022, except Benjamin E. Robinson III and Elizabeth R. Neuhoff each filed one Form 4 reporting the receipt of equity awards late.

CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

During fiscal year 2022, there were no transactions that were deemed to be related person transactions. The Audit and Compliance Committee reviews and considers any related person transactions within the meaning of Item 404(a) of Regulation S-K of the SEC, as well as any matters regarding the Company's outside directors, which the Audit and Compliance Committee believes may present a conflict of interest or potentially impair the independence of one or more of the Company's outside directors.

The Company has adopted a written related person transaction policy as defined by Item 404 of Regulation S-K. Related Parties are defined by the policy as 1) a director or director nominee, 2) an executive officer, 3) a person known by the Company to be the beneficial owner of more than 5% of the Company's common stock, and 4) a person known by the Company to be an immediate family member of any of the foregoing. The policy requires that any Related Party Transaction, defined as any transaction in which any Related Party had or will have a direct or indirect interest, be disclosed to management and reviewed by the Audit and Compliance Committee. A Related Party Transaction also includes any amendment or modification to an existing Related Party Transaction. Under the policy, management and the Board are notified of Related Party Transactions through several channels including a) voluntary notifications, b) committee meeting requests, c) Director's and Officer's (D&O) Questionnaires and d) a Disclosure Committee Checklist completed during the quarterly Disclosures Committee meeting, which includes a statement that the executive officer knows of no unlisted material Related Party Transactions.

At each of its meetings, the Audit and Compliance Committee are provided with the details of each new, existing or proposed Related Party Transaction, including the terms of the transaction, the business purpose of the transaction, and the benefits to the Company and to the relevant Related Party. In determining whether to approve a Related Party Transaction, the Audit and Compliance Committee considers, among others, the following factors to the extent relevant to the Related Party Transaction: w) whether the terms of the Related Party Transaction are fair to the Company and on the same basis as would apply if the transaction did not involve a Related Party, x) whether there are business reasons for the Company to enter into the Related Party Transaction, y) whether the Related Party Transaction would impair the independence of an outside director and z) whether the Related Party Transaction would present an improper conflict of interest for any director or executive officer of the Company, considering the size of the transaction, the overall financial position of the Related Party, the direct or indirect nature of the Related Party's interest in the transaction and the ongoing nature of any proposed relationship, and any other factors the Audit and Compliance Committee deems relevant. Any member of the Audit and Compliance Committee who has an interest in the transaction under discussion will abstain from voting on the approval of the Related Party Transaction, but may, if so requested by the Chairperson of the Audit and Compliance Committee, participate in some or all of the Audit and Compliance Committee's discussions of the Related Party Transaction. Upon completion of its review of the transaction, the Audit and Compliance Committee may determine to permit or to prohibit the Related Party Transaction.

COMPENSATION DISCUSSION AND ANALYSIS

- John L. Calmes Jr., Executive Vice President and Chief Financial and Strategy Officer
- D. Clinton Dyer, Executive Vice President and Chief Branch Operations Officer

Fiscal 2022 Overview

The Company delivered strong financial and operating results in fiscal 2022 while continuing to take strategic steps that will enable future stability and growth. Our management team successfully navigated a unique post-Covid environment, growing the portfolio, reducing operating expenses and diversifying funding sources while delivering valuable financial products to its customers.

Fiscal 2022 Highlights Include:

- Significant capital return for shareholders
- Substantial loan growth
- Solid revenue growth and cost control
- Continued increase in operating cash flow
- Company-wide rollout of new mission and values

Our strategic priorities align with the focus areas of the qualitative component of our annual incentive compensation program, including positioning for the future, continuing to optimize our core business, stabilizing our core business to accommodate growth, continuing to maintain and strengthen the balance sheet and driving our mission as a socially responsible company.

While earnings were negatively impacted by the day one loss provisioning required by CECL, the company generated net income of \$53.9 million and diluted earnings per share of \$8.47 for the year. Net income and diluted earnings per share benefited from the Company's proactive cost saving measures and 10.8% revenue growth. The Company also returned \$111.1 million to shareholders during the year through our share buyback program while maintaining a strong balance sheet.

For these reasons, in addition to those discussed below in the "Executive Compensation Program" section, the Compensation and Stock Option Committee and Board believe that the compensation of the Company's Named Executive Officers as disclosed in this Proxy Statement is fair and reasonable, and unanimously recommend that the Company's shareholders vote in favor of Proposal 2, as described below in more detail, to approve, on an advisory basis, the compensation of the Company's Named Executive Officers as reported in this Proxy Statement.

Objectives of the Fiscal 2022 Executive Compensation Program

The Company's fiscal 2022 executive compensation program was intended to (i) provide competitive compensation to attract and retain highly talented executives; (ii) align the interests of executives and shareholders; and (iii) motivate executives to achieve and surpass the long-term goals of the Company to increase shareholder value. The Company's program sought to create a collegial atmosphere that encourages executives to cooperate toward the achievement of goals that benefit the Company and shareholders as a whole, while at the same time rewarding each executive's individual contributions to the Company.

The Compensation and Stock Option Committee believes that a portion of an executive's total compensation should be in the form of variable and performance-based compensation enhancing shareholder value. The Compensation and Stock Option Committee believes that earnings per share is the most important indicator of shareholder value. Accordingly, performance-based compensation generally is earned based on the achievement of earnings per share

targets. The Compensation and Stock Option Committee believes that earnings per share as a measure of performance is important to shareholders because it allows shareholders to compare the returns we earn by investing capital in our core business with the return they could expect if we returned capital to shareholders and they invested in other securities.

In October 2018, the Company announced a new six-year, Long-Term Incentive Plan, which provides executives the opportunity to earn above average compensation for performance exceeding the Company's earnings per share goals and encourages retention through service-based equity awards. The Compensation and Stock Option Committee believes that the grant of equity compensation awards to executives appropriately aligns their compensation with the interests of shareholders and provides executives with an incentive to promote shareholder value. In addition, the Compensation and Stock Option Committee believes that the Long-Term Incentive Plan will encourage intra- and inter- department asset allocation decisions for the long-term growth of the Company's revenue and earnings and foster increased efficiency throughout the Company.

Stock price performance is typically not a factor in setting annual compensation because the price of the Company's stock is subject to a variety of factors outside of management's control, such as historically low trading volumes and high volatility in the stock price.

As previously disclosed, the Compensation and Stock Option Committee and the Board reexamined any potential effects that the Company's historic annual bonus plan could have on the management team's long-term strategy and motivations. The Compensation and Stock Option Committee and the Board determined that a reorientation of management's focus away from annual bonus targets and towards longer-term strategic planning was in the best interests of the Company and its shareholders and thus terminated the Executive Incentive Plan effective April 1, 2019. The Compensation and Stock Option Committee and the Board believe that the termination of the Executive Incentive Plan will promote long-term strategic planning and reduce short-term decision-making that could undermine long-term strategies and be inadvertently encouraged under an annual incentive program.

Process Overview

The Compensation and Stock Option Committee is appointed by the Board to assist the Board in discharging the Board's responsibilities relating (i) to compensation of the Company's directors and officers and (ii) to the granting of stock options, restricted stock, and other forms of equity compensation under the Company's equity compensation plans. The Compensation and Stock Option Committee has overall responsibility for approving and evaluating the director and officer compensation plans, policies, and programs of the Company and for formulating, revising, and administering the Company's equity compensation plans.

During fiscal year 2022, the Compensation and Stock Option Committee reviewed and approved the annual compensation for the Named Executive Officers: the President and Chief Executive Officer ("CEO"); the Executive Vice President and Chief Financial and Strategy Officer ("CFO"); the Executive Vice President and Chief Branch Operations Officer; the Senior Vice President, Secretary, and General Counsel ("General Counsel"); the Senior Vice President, Human Resources; the Senior Vice President, Accounting; and the Senior Vice President, IT Strategic Solutions. In addition, the Compensation and Stock Option Committee reviewed and approved the annual compensation for the senior and executive officers who are not NEOs. All grants of stock options and restricted stock in fiscal year 2022 were approved by the Compensation and Stock Option Committee. In light of the significant changes to the NEOs compensation in both October 2018 and April 2019, the Compensation and Stock Option Committee has not made subsequent changes to the executive compensation program.

Timing of Compensation Decisions

Cash compensation for our executive and non-executive officers is typically reviewed early in each fiscal year as the budget for the coming fiscal year is being finalized and following completion of a review of the Company's annual financial statements and level of achievement of operating objectives and personal objectives for the prior fiscal year. Equity compensation awards are usually granted in the third quarter of each fiscal year; however, in light of the six-year Long-Term Incentive Plan that was adopted in October 2018, the NEOs did not receive any new grants of equity awards during fiscal 2022. The Compensation and Stock Option Committee may, however, review salaries or grant equity or cash compensation awards at other times as a result of new appointments, promotions or for other reasons during the year.

Role of Executives in Establishing Compensation

The CEO plays a role in the assessment and recommendation of compensation for the CEO's direct reports and other officers of the Company, including the CFO, Executive Vice Presidents ("EVPs"), General Counsel, and Senior Vice Presidents ("SVPs"). The Company's CEO provides information to the Compensation and Stock Option Committee regarding compensation matters generally and, in such instances, helps set the agenda for compensation discussions. The CEO is typically invited to attend general sessions of the Compensation and Stock Option Committee and, depending upon the topic to be discussed, may be invited to attend executive sessions of the Compensation and Stock Option Committee. The Compensation and Stock Option Committee believes that the CEO's insight into executive performance and compensation is an important factor when discussing and making decisions regarding executive compensation, and therefore the Compensation and Stock Option Committee typically asks the CEO for the CEO's recommendations on compensation for all of the Company's executive officers. The CEO is not present during Compensation and Stock Option Committee discussions concerning the CEO's own compensation and does not play a role in recommendations regarding the CEO's own compensation.

Other members of management attend meetings and executive sessions upon invitation by the Compensation and Stock Option Committee if and when the Compensation and Stock Option Committee believes their advice and input regarding specific matters before the Compensation and Stock Option Committee would be useful and appropriate.

Executive Compensation Program

During fiscal 2022, the Company's compensation program was comprised of the following primary elements: base salary, long-term incentive compensation in the form of equity awards granted pursuant to the Company's stock plans, post-employment compensation, and other employee benefits and perquisites.

Base Salary

Compensation and Stock Option Committee Philosophy

The Compensation and Stock Option Committee determines base salaries for each executive position based on the value of the individual's experience, performance, and/or specific skill set. Base salaries are evaluated in the ordinary course of business, but generally each year at or around the time that the annual budget is approved. The Compensation and Stock Option Committee did not use an outside consultant or survey data when determining fiscal year 2022 base salaries.

Fiscal Year 2022

Historically, when determining annual base salary levels, the Compensation and Stock Option Committee's primary consideration for NEOs was the contribution of each of the members of the executive team to the Company's operational improvements. Further, effective as of April 1, 2019, the Board terminated the Executive Incentive Plan and adjusted the base salaries of the Named Executive Officers and other senior executives to include the target bonus amounts in order to promote long-term strategic thinking and reduce short-term decision-making that could be inadvertently encouraged under an annual incentive program. The Compensation and Stock Option Committee has since determined to conduct executive base salary reviews every other year rather than annually. As a cost saving measure, company management has recommended no base salary increases for the last several years. This was the case again in fiscal 2022.

As a result, there have been no base salary changes for NEOs during fiscal year 2022. As described below under "*Executive Compensation - Employment Agreements*," certain NEOs have employment agreements which do not permit reductions in their base salaries exceeding certain amounts.

Long-Term Incentive Compensation

Compensation and Stock Option Committee Philosophy

The Compensation and Stock Option Committee intends to use long-term incentive compensation as a further means of attracting and retaining qualified and highly talented executive officers with a market competitive compensation program that supplements the base salary with longer-term incentives provided by stock options and restricted stock.

The Compensation and Stock Option Committee also believes that equity-based awards foster an ownership mentality in executives and align the value of a significant component of executive compensation to the value realized by the Company's shareholders.

Company Stock Plans

The Company currently maintains three stock plans: the 2008 Plan, the 2011 Plan, and the 2017 Plan. With respect to the 2017 Plan, the Company can grant incentive stock options to salaried employees and nonqualified stock options, stock appreciation rights, restricted stock awards, restricted stock unit awards, and/or phantom stock awards to employees or directors. Certain equity awards remain outstanding under the 2008 and 2011 Plan; however, no additional awards may be granted under the 2008 or 2011 Plan. The Board has delegated authority to administer the 2008, 2011, and 2017 Plans to the Compensation and Stock Option Committee. Under the 2008, 2011, and 2017 Plans, stock options must have an exercise price that is equal to or greater than the fair market value of the stock as of the date of grant. Except in the case of adjustments to reflect corporate transactions such as a merger or stock dividend, the exercise price of options granted under the 2008, 2011, and 2017 Plans may not be reduced, directly or indirectly (for example, by substitution of new options with a lower exercise price) without shareholder approval. Awards are subject to vesting conditions as determined by the Compensation and Stock Option Committee.

Equity awards, historically in the form of options and/or restricted stock awards, are usually granted in the third quarter, unless made in connection with new hires, promotions, or other special circumstances, in which case awards may be made at the time of such event. 100% of the stock options and restricted stock, respectively, granted in fiscal year 2022 were granted to employees who are not Named Executive Officers.

Long-Term Incentive Program

On October 15, 2018, the Compensation and Stock Option Committee and the Board approved and adopted a long-term incentive program (the "Long-Term Incentive Program") that seeks to motivate and reward certain employees and to align management's interest with shareholders by focusing executives on the achievement of long-term results. The program is comprised of four components: service-based stock options ("Service Options"), performance-based stock options ("Performance Options"), restricted stock awards ("Restricted Stock"), and performance-based restricted stock awards ("Performance Shares").

Pursuant to the Long-Term Incentive Program, the Compensation and Stock Option Committee granted 202,800 Service Options, 121,770 Performance Options, 382,994 Restricted Stock and 369,000 Performance Shares under the 2011 Plan and the 2017 Plan to certain employees and executive officers during fiscal 2019. No equity awards were granted to Named Executive Officers during fiscal 2022.

Performance-Based Awards

Performance Shares

Under the Long-Term Incentive Program, up to 100% of the Performance Shares will vest, if at all, based on the achievement of two, trailing earnings per share performance targets established by the Compensation and Stock Option Committee that are based on earnings per share (measured at the end of each calendar quarter, commencing with the calendar quarter ending September 30, 2019) for the previous four calendar quarters. The Performance Shares are eligible to vest over a 6.5 year performance period beginning on September 30, 2018 and ending on March 31, 2025, following certification by the Compensation and Stock Option Committee of achievement of applicable performance targets (such period, the "Performance Share Measurement Period") and subject to each respective employee's continued employment at the Company through the last day of the quarter in which the performance targets are met. For certain NEOs, the Performance Shares are also subject to vesting in accordance with the terms of their employment agreement. See "*Executive Compensation - Employment Agreements,*" for additional information.

Trailing 4 Quarter EPS Targets	Restricted Stock Eligible for Vesting (Percentage of Award)
\$16.35	40.0%
\$20.45	60.0%

Performance Options

The Performance Options will fully vest if the Company attains the four quarter trailing earnings per share target over four consecutive calendar quarters occurring between September 30, 2018 and March 31, 2025 in the table below. Such performance target was established by the Compensation and Stock Option Committee and will be measured at the end of each calendar quarter commencing on September 30, 2019. The Performance Options are eligible to vest if the performance target is met at the end of any quarter during the 6.5 year performance period beginning on September 30, 2018 and ending on March 31, 2025, following certification by the Compensation and Stock Option Committee of achievement of the performance target (such period, the “Option Measurement Period”), subject to each respective employee’s continued employment at the Company through the last day of the quarter in which the performance target was met. The Performance Options may also vest pursuant to the terms of the applicable award agreement or applicable employment agreement. The option price is equal to the fair market value of the common stock on the grant date and the Performance Options shall have a 10-year term.

<u>Trailing 4 Quarter EPS Target</u>	<u>Options Eligible for Vesting (Percentage of Award)</u>
\$25.30	100%

Service-Based Awards

Restricted Stock

The Restricted Stock awards will vest in six equal annual installments, beginning on the first anniversary of the grant date, subject to each respective employee’s continued employment at the Company through each applicable vesting date or otherwise provided under the terms of the applicable award agreement or applicable employment agreement.

Service Options

The Service Options will vest in six equal annual installments, beginning on the first anniversary of the grant date, subject to each respective employee’s continued employment at the Company through each applicable vesting date or otherwise provided under the terms of the applicable award agreement or applicable employment agreement. The option price is equal to the fair market value of the common stock on the grant date and the Service Options shall have a 10-year term.

Fiscal 2019 - Fiscal 2025 Long-Term Incentive Plan Equity Awards

The number of Performance Shares, Restricted Stock and Performance Options awarded to our Named Executive Officers during fiscal 2019 are set forth below. As of March 31, 2022, the Company has not attained the earnings per share targets set for Performance Options or Performance Shares; accordingly, such awards remain fully unvested. Our Named Executive Officers did not receive Service Options.

<u>Name</u>	<u>Number of Performance Shares</u>	<u>Number of shares of Restricted Stock</u>	<u>Number of Performance Options</u>
R. Chad Prashad	78,000	78,000	25,740
John L. Calmes, Jr.	45,000	45,000	14,850
D. Clinton Dyer	45,000	45,000	14,850
Luke J. Umstetter	30,000	30,000	9,900
A. Lindsay Caulder	18,000	18,000	5,940
Scott McIntyre	18,000	18,000	5,940
Jason E. Childers	18,000	18,000	5,940

Approximately 50% of the accounting expense related to the Long-Term Incentive Program is due to the Performance Shares and Performance Options.

Post-Employment Compensation

The Compensation and Stock Option Committee believes that providing supplemental retirement income to key executives under the Company's 2005 Supplemental Income Plan is appropriate to recognize service to the Company and the limitations on an executive's ability to ensure significant retirement income through the Company's 401(k) retirement plan due to the contribution limitations applicable to such plans under applicable law (see "*Executive Compensation – 2022 Pension Benefits Table*" below). Severance compensation is also provided under employment agreements with certain executive officers (see "*Executive Compensation - Employment Agreements*" below) to attract and retain critical executive talent and to facilitate management stability and provide executives protection in the event of their termination without cause or constructive discharge, including in situations involving a change in control of the Company.

The Company has entered into employment agreements with R. Chad Prashad, our President and Chief Executive Officer, John L. Calmes, Jr., our Executive Vice President and Chief Financial and Strategy Officer, D. Clinton Dyer, our Executive Vice President and Chief Branch Operations Officer, and Luke J. Umstetter, our Senior Vice President, Secretary, and General Counsel. The Compensation and Stock Option Committee believes that the employment agreements are necessary to secure the services of these individuals on the terms and conditions stated in the agreements, and to provide management stability should there occur a significant corporate change in control event. As described in greater detail below, these agreements provide for the payment of severance benefits in the event of a change in control, but only if the executive is terminated without cause or constructively discharged within two years following the change in control, and for the payment of certain severance benefits even if no change in control has occurred in the event the executive's employment is terminated without cause or for good reason. The Compensation and Stock Option Committee believes that the change in control severance triggers in these agreements strike an appropriate balance between Company and shareholder concerns about executive retention in the event of a change in control and the executives' legitimate concerns regarding termination or diminution of duties in such an event. See below for a description of the Company's employment agreements that are currently in effect. A summary of the severance payments and benefits upon termination of employment under certain circumstances may be found below under "*Potential Payments Upon Termination or Change in Control*".

Other Employee Benefits and Perquisites:

In order to provide competitive compensation and benefits to its executives, the Company provides the following benefits and perquisites:

- **Life and Disability Insurance.** The Company provides each NEO the same group long-term disability and life insurance as the Company in its sole discretion may from time to time provide to its other officers and employees. As described below under "*Executive Compensation - Employment Agreements,*" the Company has entered into employment agreements with certain NEOs that require the Company to provide specified minimum levels of long-term disability insurance coverage. In addition, if the individual becomes disabled, the Company will provide short-term disability benefits in the form of continued payment of his base salary for up to 90 days.
- **Deferred Compensation.** The Company maintains for its executives a non-qualified deferred compensation plan, the World Acceptance Corporation 2005 Executive Deferral Plan (the "2005 Executive Deferral Plan"). No NEOs currently participate in this plan, and the plan is unfunded. The plan does not provide for any Company contributions of any kind.
- **Defined Contribution Plan.** NEOs are eligible to participate in the Company's 401(k) retirement plan. The 401(k) plan permits eligible employees to defer up to 15% of their annual eligible compensation, subject to certain limitations imposed by the Code. Employee elective deferral contributions are immediately vested and non-forfeitable. The Company makes a matching contribution equal to 50% of an employee's elective deferral contributions not exceeding 6% of the employee's annual eligible compensation. Matching contributions vest over a six-year period.
- **Company Car.** The Company provides each NEO and each of its other officer-level employees the unrestricted use of a Company car at no expense to the officer.
- **Other.** The Company makes available certain perquisites or fringe benefits to executive officers and other employees, such as professional society dues, club dues, food, and recreational fees incidental to official Company functions. See "*Executive Compensation - Fiscal Year 2022 Components of All Other Compensation.*"

Compensation Policies and Risk Management

On an ongoing basis, the Compensation and Stock Option Committee monitors the Company's executive compensation programs for potential risks as part of the overall risk oversight function of the Board of Directors. See above under "*Corporate Governance - Board Risk Oversight*" and "*Corporate Governance - Committees of the Board - Compensation and Stock Option Committee.*" The Compensation and Stock Option Committee does not believe that the Company's executive compensation programs encourage excessive or inappropriate risk taking.

Say-on-Pay

The Company provides its shareholders with the opportunity to cast an annual advisory vote, commonly known as a "say-on-pay" proposal, on the compensation of the executive officers named in the Summary Compensation Table of the annual proxy statement. At our 2021 annual meeting of shareholders, our NEO compensation was approved by over 98% of the votes cast. The Compensation and Stock Option Committee believes that this vote affirms that a majority of our shareholders support the Company's historical approach to executive compensation.

Anti-Hedging and Anti-Pledging Policies

The Company maintains an Insider Trading Policy. Pursuant to this policy, directors, officers, and employees of the Company are generally prohibited from engaging in hedging activities, including through the use of financial instruments such as prepaid variable forwards, equity swaps, collars, and exchange funds. Further, directors, officers, and other employees must obtain pre-clearance from the Company's Chief Financial and Strategy Officer before placing Company securities in a margin account or otherwise pledging Company securities as collateral for a loan. Pre-clearance generally will be granted when the director, officer, or employee demonstrates the ability to repay the obligation with assets other than the pledged Company securities.

Clawback Policy

The World Acceptance Corporation Clawback Policy (the "Clawback Policy") applies to certain individuals, which include all of the Named Executive Officers, the Company's other executive officers and certain other senior officers. The Board (or the Compensation and Stock Option Committee, if designated by the Board) has discretion to apply the Clawback Policy to the covered individuals in a number of circumstances involving specific types of misconduct, such as a violation of noncompetition or other restrictive covenants, material violation of Company policies, violation of law that is detrimental to the Company, unauthorized disclosure or use of the Company's confidential information, any indictment, conviction, or entering of a plea of any type for a crime constituting a felony or a misdemeanor involving moral turpitude, failure to cooperate with any litigation or investigation involving the Company, or any other illicit or unauthorized act or omission that is detrimental to the Company. The Board (or the Compensation and Stock Option Committee, if designated by the Board) may take any or all of the following actions with respect to the individual: (a) requiring reimbursement of cash-based incentive compensation and/or equity-based incentive compensation that was previously granted, awarded, earned, or received during the period covered by the Clawback Policy; (b) seeking recovery of any gain realized on the vesting, exercise, settlement, sale, transfer, or other disposition of any equity-based incentive compensation; (c) offsetting the recouped amount from any compensation otherwise owed by the Company; (d) cancelling outstanding vested, unvested, or unexercised equity-based incentive compensation; (e) requiring repayment of any amount received by in excess of the amount that the person should otherwise have received for any reason (including, without limitation, by reason of a financial restatement, mistake in calculations or other administrative error); and/or (f) taking any other remedial and recovery action permitted by law, as determined by the Board.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation and Stock Option Committee has reviewed and discussed with management the Compensation Discussion and Analysis contained in this Proxy Statement. Based on the review and discussion referred to above, the Compensation and Stock Option Committee recommended to the Board of Directors that the Compensation Discussion and Analysis referred to above be included in this Proxy Statement.

Prashad Employment Agreement

On April 1, 2019, the Company entered into an employment agreement with Mr. Prashad. The employment agreement has an initial three-year term commencing on October 15, 2018, after which it will automatically renew for successive one-year terms unless either party provides notice of intent to terminate at least 90 days prior to expiration of the then current term. Under the employment agreement, Mr. Prashad is entitled to an annual base salary of \$840,000, subject to any adjustments approved by the Compensation and Stock Option Committee. His annual base salary may not be reduced below \$420,000. 2022 Pension Benefits Table

The table below sets forth information regarding NEO benefits under the Company’s 2005 SIP described above under “*Compensation Discussion and Analysis - Executive Compensation Program - Post-Employment Compensation.*”

(1) Based on the assumptions disclosed in Note 12 in the Notes to Consolidated Financial Statements in Item 8 of our Annual Report on Form 10-K for the year ended March 31, 2022.

(2) Present value of 2005 SIP benefits payable at death was calculated as 45% of the executive’s adjusted base salary as of March 31, 2022 for 15 years assuming a 6% interest rate.

(3) Mr. Umstetter, Ms. Caulder, Mr. McIntyre and Mr. Childers do not participate in the Company’s 2005 SIP or any other pension benefit program.

The Company maintains the World Acceptance Corporation 2005 Supplemental Income Plan (the “2005 SIP”). Based on the CEO’s recommendations, the Compensation and Stock Option Committee approves the key executives who participate in the plan. The 2005 SIP is an unfunded plan, which means there are no specific assets set aside by the Company to fund its obligations under the plan. The participating executives have no rights under the plan beyond those of a general creditor of the Company.

- Generally, if a participant terminates employment after reaching normal retirement age (age 65), the participant is entitled to receive a monthly benefit equal to 45% of his base salary at the time of his retirement for a period of 15 years.
- A participant is eligible for an early retirement benefit if the participant terminates employment after reaching age 57, provided that he has participated in the plan for at least eight years. The early retirement benefit is a pro-rated portion of the normal retirement benefit, based on the days of service the participant has accrued at his early retirement date compared to the days of service that he would have accrued if he had continued employment until normal retirement age.
- If a participant dies while still employed by the Company or while receiving Company-sponsored long-term disability benefits, the participant is eligible to receive the normal retirement benefit regardless of age.
- If the Company terminates a participant (other than for malfeasance, dishonesty, or similar wrongdoing) or the participant terminates employment due to disability, the participant will receive a normal or early retirement benefit (depending on whether termination occurs before or after normal retirement age), as the age 57 and eight years of participation requirements for early retirement benefits do not apply in such circumstances.
- If a participant voluntarily terminates employment before qualifying for early or normal retirement or if the participant is terminated due to malfeasance, dishonesty, or other similar wrongdoing, the participant is not entitled to any benefits under the plan.

In connection with the termination of the Executive Incentive Plan and corresponding base salary adjustments that took effect as of April 1, 2019, the Company approved the First Amendment (the “Amendment”) to the 2005 SIP. The Amendment provides that the base salaries of the Named Executive Officers shall be adjusted by a salary adjustment factor to determine the Named Executive Officers’ benefits under the 2005 SIP. The salary adjustment factor for each of the Named Executive Officers that is a participant in the 2005 SIP is below:

R. Chad Prashad	0.50
John L. Calmes, Jr.	0.56
D. Clinton Dyer	0.56

The Company determined that the base salary used to determine benefits under the 2005 SIP should not be based on the adjusted fiscal 2019 base salaries. The Company believes that the revisions to incorporate the salary adjustment factor will decrease the named executive officer's benefit under the 2005 SIP, which should cause the benefit to be more consistent with historical amounts.

There are currently 13 participants in the 2005 SIP, including four executive officers, 8 retired participants, and the beneficiary of one deceased participant.

Potential Payments upon Termination or Change in Control

Summary of Benefits Provided under Employment Agreements. The Named Executive Officers with employment agreements are entitled to certain benefits in connection with certain terminations of employment and/or a change in control, as summarized below.

Mr. Prashad.

- If the Company terminates Mr. Prashad's employment without cause or if Mr. Prashad terminates his employment for "good reason," (a) he will receive payment for his accrued base salary, vacation pay, and expenses, as well as any vested benefits due under any Company benefit plans or programs ("accrued compensation") through the termination date; (b) he will receive severance pay in an amount equal to \$1,260,000; (c) the following awards will vest as of his termination date (or the date of Committee certification in the case of (iii) below): (i) stock options and other equity incentive awards (excluding awards granted under the Long-Term Incentive Program) with purely time-based vesting; (ii) awards granted under the Long-Term Incentive Program with purely time-based vesting that are scheduled to vest within the LTIP Year (as defined in his employment agreement) in which termination of employment occurs; and (iii) the pro-rata portion (based upon the time period from October 1, 2018 until the termination date) of his purely performance-based awards granted under the Long-Term Incentive Program that are scheduled to vest within 180 days after the date of termination and for which the Compensation and Stock Option Committee certifies that the applicable performance metrics were achieved within such 180-day period; and (d) he will receive a lump sum payment equal to the total premiums he would be expected to pay for eighteen (18) months of COBRA coverage. Stock options (both time-based and performance-based) that are vested on Mr. Prashad's termination date will be exercisable for one year following the termination date, or until their expiration date if shorter; however, any purely performance-based stock options that vested during the 180-days following termination as described in (iii) above will be exercisable for 18 months following the date of Mr. Prashad's termination.
- If the Company terminates Mr. Prashad's employment for cause or he terminates his employment without good reason (including by giving notice that he will not extend the term of the employment agreement), he will only receive his accrued compensation through the termination date.
- If Mr. Prashad's employment is terminated by the Company without cause or by Mr. Prashad with good reason within two (2) years following a change in control of the Company (as defined in the employment agreement), the Company will make a lump sum payment to Mr. Prashad equal to the sum of (a) his accrued compensation prior to termination; (b) an amount equal to the total premiums he would be expected to pay for eighteen (18) months of COBRA coverage; and (c) an amount equal to \$1,260,000. In addition, his stock options and other incentive awards will vest in accordance with the terms of the applicable plans and award documents; provided that all vested stock options will be exercisable for a period of one year (or until the end of the original option term, if shorter).
- If Mr. Prashad's employment is terminated due to his disability, the Company will pay him \$420,000 over a period of 24 months but only at such times as he is not receiving benefits under the disability insurance provided by the Company. In addition, he will be entitled to receive his accrued compensation through the date of termination.

- If Mr. Prashad's employment is terminated due to his death, the Company will be obligated to pay his estate his accrued compensation through the date of termination.

Under the employment agreement, "cause" generally means Mr. Prashad's (a) gross misconduct or gross neglect in respect of his duties for the Company; (b) conviction of (or plea of nolo contendere to) a felony or of a misdemeanor where active imprisonment is imposed; (c) knowing and intentional failure to comply with applicable laws with respect to the execution of the Company's business operations; (d) falsification of Company records or engaging in theft, fraud, embezzlement, dishonesty, or other conduct that has resulted or is likely to result in material damage to the Company's or any of its affiliates' business or reputation; (e) failure to comply with reasonable written directives of the Board, which is not remedied within thirty (30) days after receipt of written notice specifying such failure; (f) the willful and material violation of the Company's policies, including its Code of Ethics; and (g) the willful failure to reasonably cooperate with any investigation authorized by the Board, which failure would reasonably be expected to have a material adverse effect on the Company.

Under the employment agreement, "good reason" generally means: (a) a reduction in Mr. Prashad's base salary below \$420,000; (b) a material diminution in his authority, duties or responsibilities; (c) a material diminution in the budget over which he retains authority; (d) requiring him to relocate his principal place of employment more than thirty-five (35) miles from the Company's present headquarters; (e) a material breach of the agreement by the Company; or (f) the failure of the Company to renew the agreement.

Under the employment agreement, "change in control" generally means any of the following events:

(a) The consummation of (i) a merger, share exchange, or similar transaction involving the Company or any subsidiary, but only if Company voting securities are issued or issuable; or (ii) the sale or other disposition of all or substantially all of the assets of the Company, unless, in either case, immediately after the transaction (A) the beneficial owners of the Company's voting securities continue to own more than seventy percent (70%) of the voting power of the voting securities of the surviving company in substantially the same proportions as their ownership of the Company's voting securities prior to the transaction; (B) no person (excluding any employee benefit plan sponsored by the surviving company or any company controlled by the surviving company) owns thirty-five percent (35%) or more of the combined voting power of the voting securities of the surviving company; and (C) at least a majority of the members of the board of directors of the surviving company are Incumbent Directors (as defined below);

(b) The shareholders of the Company approve a plan of complete liquidation or dissolution of the Company, unless such liquidation or dissolution is part of a sale of the Company's assets that does not constitute a change in control;

(c) if (i) any person acquires ownership of, or voting control over, twenty percent (20%) or more of the Company's outstanding stock, in a single transaction or in a series of transactions occurring within a twelve-month period (an "Acquiring Person"); provided that no person may become an Acquiring Person on account of: (A) any acquisition of stock by the Company or any subsidiary; (B) any acquisition of stock by an underwriter temporarily holding such securities pursuant to a securities offering; (C) any acquisition of stock by any employee benefit plan sponsored by the Company or any subsidiary; and (D) any acquisition of stock related to a merger, share exchange, or similar transaction that that does not otherwise constitute a change in control; and (ii) a majority of the members of the Board of Directors are or become individuals who are (A) the Acquiring Person; (B) affiliates of the Acquiring Person; and/or (C) individuals whose initial assumption of office as a director occurs as a result of (I) an actual or threatened election contest or solicitation of proxies by or on behalf of the Acquiring Person or (II) the recommendation or request of the Acquiring Person or any member of the Board who is an affiliate of the Acquiring Person; or

(d) During any period of twenty-four (24) consecutive months, individuals who were members of the Board of Directors at the beginning of such period (the "Incumbent Directors") at any time during such period cease to constitute at least a majority of the Board of Directors; provided, however, that any individual becoming a director during such period whose appointment, election or nomination was approved by a vote of at least a majority of the existing Incumbent Directors shall be considered as an Incumbent Director (excluding, however, any such individual who became a director as a result of an actual or threatened election contest or solicitation of proxies by or on behalf of a person other than the Board of Directors).

The employment agreement requires Mr. Prashad to execute a release of legal claims against the Company in order to receive any of the severance benefits provided by the agreement. The employment agreement also restricts Mr. Prashad from engaging in certain acts of competition with the Company and from soliciting the Company's employees or inducing them to leave their employment with the Company during the term of the employment agreement and for a period of two years after the termination of his employment. He has also agreed to confidentiality and non-disparagement obligations that the Company believes are customary. Further, the employment agreement contains clawback and forfeiture provisions, which are in addition to any rights available to the Company included in the Company's recently adopted clawback policy or similar provisions that may apply under applicable laws, rules or regulations.

Calmes Employment Agreement. Mr. Calmes' employment agreement is substantially similar to Mr. Prashad's employment agreement with respect to post-termination benefits except that Mr. Calmes' (a) disability benefits equal \$267,696; and (b) severance benefits and change in control payment equal \$550,000.

Dyer Employment Agreement. Mr. Dyer's employment agreement is substantially similar to Mr. Prashad's employment agreement with respect to post-termination benefits except that Mr. Dyer's (a) disability benefits equal \$262,080; and (b) severance benefits and change in control payment equal \$550,000.

Umstetter Employment Agreement. Mr. Umstetter's employment agreement is substantially similar to Mr. Prashad's employment agreement with respect to post-termination benefits except that Mr. Umstetter's disability and severance benefits and change in control payment equal \$250,000.

Quantification of Amounts Payable. The following tables describe the potential payments and benefits that would have been payable to our NEOs under our existing plans and agreements, assuming the occurrence of certain events, in each case, on March 31, 2022. The amounts shown in the tables do not include payments and benefits to the extent they are provided generally to all salaried employees upon termination of employment and do not discriminate in scope, terms, or operation in favor of the NEOs. Because the disclosures in the following tables assume the occurrence of certain events as of a particular date and under a particular set of circumstances (and therefore make a number of important assumptions), the actual amount to be paid to each of our NEOs may vary significantly from the amounts included in the table. Note that the tables excludes unpaid salary accrued through the termination date and reimbursement of any unpaid business expenses.

Severance Benefits

As of March 31, 2022, Messrs. Prashad, Calmes, Dyer, and Umstetter were entitled to severance benefits pursuant to their employment agreements in the event that they are terminated without cause or constructively discharged, as summarized above. The following table provides estimates of the amounts payable to Messrs. Prashad, Calmes, Dyer, and Umstetter assuming each had been terminated without cause or constructively discharged on March 31, 2022. Note that the table excludes unpaid salary accrued through the termination date and reimbursement of any unpaid business expenses. Finally, Messrs. Prashad, Calmes, and Dyer are entitled to benefits under the 2005 SIP if they are terminated prior to death or retirement (other than for malfeasance, dishonesty or similar wrongdoing) as described above under "*Compensation Discussion and Analysis - Executive Compensation Program - Post-Employment Compensation.*" The value of such 2005 SIP benefits is included in the foregoing section ("*2022 Pension Benefits Table*") and therefore is not included in the table below.

Name	Salary Continuation (\$)	Benefits Continuation (\$)(1)	Benefits from Accelerated Equity Vesting (\$)(2)	Total (\$)
R. Chad Prashad	1,260,000	10,594	2,493,920	3,764,514
John L. Calmes, Jr.	550,000	29,185	1,438,800	2,017,985
D. Clinton Dyer	550,000	29,313	1,438,800	2,018,113
Luke J. Umstetter	250,000	19,542	959,200	1,228,742

Scott McIntyre	—	—	575,520	575,520
Jason E. Childers	—	—	575,520	575,520

(1) The benefits continuation payment represents 18 months of COBRA premiums for Messrs. Prashad, Calmes, and Dyer and 12 months of COBRA premiums for Mr. Umstetter.

(2) Reflects the value (based on the Company's closing stock price on March 31, 2022 of \$191.84 or in the case of options, the excess of such closing stock price over the exercise price) of unvested stock options and restricted stock that become vested upon a termination without cause or constructive discharge

Death Benefits

Certain benefits become due upon the death of a NEO, primarily life insurance benefits, benefits under the Company's 2005 SIP and vesting of stock awards. The following table shows the death benefits that would have been due in the event that the respective NEO had died on March 31, 2022.

Name	Life Insurance Proceeds (\$)(1)	Present Value of 2005 SIP Benefits (\$)(2)	Benefits from Accelerated Equity Vesting (\$)(3)	Total (\$)
R. Chad Prashad	500,000	1,835,615	24,788,907	27,124,522
John L. Calmes, Jr.	500,000	1,179,328	14,301,293	15,980,621
D. Clinton Dyer	500,000	1,154,587	14,301,293	15,955,880
Luke J. Umstetter	500,000	—	9,534,195	10,034,195

Jason E. Childers	500,000	—	5,720,517	6,220,517

- (1) Life insurance proceeds represent two times the NEO's base salary, not to exceed \$500,000.
- (2) Present value of the 2005 SIP benefits payable at death was calculated as 45% of the executive's adjusted base salary for 15 years, assuming a 6% interest rate.
- (3) Reflects the value (based on the Company's closing stock price on March 31, 2022 of \$191.84 or in the case of options, the excess of such closing stock price over the exercise price) of unvested stock options and restricted stock that become vested upon death.

Disability Benefits

In the event that an NEO suffers a disability, the Company will continue to pay certain NEO's salary for a period of 90 days. After 90 days, the Company may terminate the NEO's employment, at which time the NEO would be eligible for long-term disability benefits. In addition, an NEO terminating employment due to disability may be eligible for benefits under the 2005 SIP. The following table sets forth the amounts that would have been payable to our NEOs had they terminated employment due to disability on March 31, 2022.

Name	Salary Continuation (\$)(1)	Disability Severance (\$)(2)	Long-Term Disability Pay (\$)(3)	Present Value of 2005 SIP Benefits (\$)(4)	Total (\$)

- (1) Represents three months of the NEO's base salary as of March 31, 2022.
- (2) Pursuant to the NEOs' employment agreements, disability severance is paid over a period of 24 months from date of termination for Messrs. Prashad, Calmes, Umstetter and Dyer, but only at such times as no other benefits are being received under the disability insurance provided by the Company.
- (3) Long-term disability pay for Messrs. Prashad, Calmes, and Dyer was calculated as the present value (assumes a 6% interest rate) of 60% of the executive's adjusted base salary as of March 31, 2022, paid for the period from the date of termination until the executive reaches age 65 as a result of treatment under the aforementioned 2005 SIP. The other NEOs listed are not participants under the 2005 SIP and receive 60% of their respective base salary for 18 months, up to \$18,500 per month.
- (4) Present value of the 2005 SIP benefits payable upon disability was calculated as 45% of the executive's adjusted base salary for 15 years, assuming a 6% interest rate.

Change in Control Benefits

Named Executive Officers with employment agreements are entitled to certain benefits if they are terminated in connection with a change in control as described above. In addition, under the terms of certain outstanding stock option and restricted stock awards held by NEOs, those awards will fully vest upon a change in control, regardless of whether an NEO's employment is terminated. Under the terms of the stock options and restricted stock awards

granted under the 2017 Plan or in connection with the Company's Long-Term Incentive Program, the NEO's employment must be terminated within two years following a change in control in order to trigger vesting of such awards. The definition of change in control under the terms of the outstanding restricted stock awards held by NEOs is the same as the definition used in Mr. Prashad's employment agreement. The definition of change in control for stock options awarded under the 2011 Plan is substantially similar, except that (a) in the case of a merger or asset sale, the exclusion for certain transactions requires that no person own more than 30% (rather than 35%) of the surviving entity; and (b) the change in control event relating to acquisition of stock requires acquisition of 30% or more of the Company's outstanding stock (rather than 20%) but does not require that a majority of the Board of Directors be controlled by the acquiring person or its affiliates. Under the 2008 Plan, change in control is generally defined as any of the following:

- (i) acquisition by a person of ownership of, or voting control over, twenty-five percent (25%) or more of the Company's outstanding stock;
- (ii) shareholder approval of (a) a definitive agreement to merge the Company with another company in which the Company is not the surviving company or pursuant to which any shares of stock of the Company would be converted into cash, securities or other property of another corporation, other than a merger or consolidation of the Company in which the shareholders of the Company continue to own at least seventy-five percent (75%) of the stock or voting securities of the surviving company, in the same proportions as they owned Company stock; (b) a definitive agreement to sell or otherwise dispose of all or substantially all the assets of the Company; or (c) a plan of complete liquidation or winding up of the Company;
- (iii) a change in a majority of the Board of Directors within a 12-month period unless the nomination of each new director was approved by the vote of two-thirds of the members of the Board of Directors (or board nominating committee, if any) then still in office who were in office at the beginning of the 12-month period; or
- (iv) any other event which the Board of Directors determines should constitute a change in control.

The table below shows the benefits that would have been due to the NEOs had their employment been terminated in connection with a change in control as of March 31, 2022.

Name	Salary Continuation (\$)	Benefits Continuation (\$)(1)	Benefits from Accelerated Equity Vesting (\$)(2)	Total (\$)

- (1) The benefits continuation payment represents 18 months of COBRA premiums for Messrs. Prashad, Calmes, and Dyer and 12 months of COBRA premiums for Mr. Umstetter.
- (2) Reflects the value (based on the Company's closing stock price on March 31, 2022 of \$191.84 or in the case of options, the excess of such closing stock price over the exercise price) of unvested stock options and restricted stock that become vested upon a change in control, in the case of awards granted under the 2011 Plan or upon a termination without cause or constructive discharge within two years following a change in control, in the case of awards granted under the 2017 Plan or in connection with the Company's Long-Term Incentive Program

2022 Pay Ratio

Pay Ratio

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, and Item 402(u) of Regulation S-K, we are providing the following information about the relationship of the annual total compensation of our median employee and the annual total compensation of our President and Chief Executive Officer. The pay ratio included in this information is a reasonable estimate calculated in a manner consistent with Item 402(u) of Regulation S-K.

For fiscal 2022:

- the median of the annual total compensation of all employees of our company (other than our CEO) was \$52,799; and
- total compensation of our CEO was \$933,965.

Based on the above information, for fiscal year 2022, the ratio of the median of the annual total compensation of all employees to the annual total compensation of our CEO was 18 to 1.

The SEC rules for identifying the median of the annual total compensation of our employees and calculating the pay ratio based on that employee's annual total compensation allow companies to adopt a variety of methodologies, apply certain exclusions, and make reasonable estimates and assumptions that reflect their employee populations and compensation practices, therefore, the pay ratio reported by other companies may not be comparable to our pay ratio, as other companies have different employee populations and compensation practices, and may utilize different methodologies, exclusions, estimates and assumptions in calculating their pay ratios.

Pay Ratio Calculation

For fiscal 2022, in order to identify the median of the annual total compensation of all of our employees, as well as to determine the annual total compensation of our median employees and our CEO, we took the following steps.

- First, we selected March 31, 2020 as the date on which we would identify the "median employee" of our Company because it is the last day of our fiscal year and would provide a fair representation of our employee population. We determined that, as of March 31, 2020, our employee population consisted of approximately 2,769 individuals that had been employed over the prior twelve months. This population consisted of our full-time, part-time, and temporary employees.
- Next, to identify the "median employee" from our employee population, we reviewed total gross compensation per employee from our payroll records for the twelve month period ending on March 31, 2020
 - Our original median employee identified in 2020 has since terminated employment with the Company. Accordingly, for purposes of our fiscal 2022 pay ratio and in accordance with SEC rules, we replaced the original median employee with another employee who has substantially similar compensation as the original median employee based on the compensation measure used to select the original median employee. There were no other significant changes that would impact the Company's employee population, demographics or compensation arrangements.
- We determined that total gross compensation per employee from our payroll records is a consistently applied compensation measure which would provide a reasonable picture of the annual compensation of our employees
- We calculated such median employee's compensation for fiscal year 2022 in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K. With respect to the annual total compensation of our CEO, we used the total compensation reported in the "2022 *Summary Compensation Table*."

DIRECTOR COMPENSATION

The following table summarizes the compensation the Company paid to non-employee members of the Board of Directors for the fiscal year ended March 31, 2022:

Name	Fees Earned or Paid in Cash (\$ (1))	Stock Awards (\$ (2)(3))	Option Awards (\$ (2)(3))	All Other Compensation (\$)	Total (\$)

Elizabeth R. Neuhoff ⁽⁴⁾	60,000	382,600	207,020	—	649,620

- (1) For fiscal year 2022, each non-employee director was paid \$20,000 quarterly retainer along with any additional retainer amounts for Chairman of the Board (\$2,500) and other Committee Chairs (\$2,500 or \$5,000). No additional fees were paid for attendance at meetings.
- (2) The amounts in these columns reflect the aggregate grant date fair value of stock awards granted in fiscal year 2022, determined in accordance with FASB ASC Topic 718. Assumptions used in the calculation of these amounts are included in Note 12 in the Notes to Consolidated Financial Statements in Item 8 of our Annual Report on Form 10-K for the year ended March 31, 2022.
- (3) The table below sets forth the total number of shares subject to stock awards and option awards outstanding as of March 31, 2022 held by non-employee directors.

Name	Option Awards	Stock Awards
Ken R. Bramlett Jr.	11,000	2,499
Scott J. Vassalluzzo	—	—
Charles D. Way	6,000	2,499
Darrell E. Whitaker	6,000	2,499
Elizabeth R. Neuhoff	2,031	1,875
Benjamin E. Robinson III	2,031	1,875

- (4) Ms. Neuhoff and Mr. Robinson were newly appointed members in Q2 of fiscal year 2022 and received restricted stock and option awards associated with their appointments.

The Company pays its non-employee directors quarterly retainer fees. No additional fees are currently paid for meeting attendance. For the year ended March 31, 2022, the non-employee director compensation program was comprised of the following:

- Each non-employee director receives a quarterly retainer of \$20,000
- The Chairman of the Board receives an additional quarterly retainer of \$2,500
- Each Committee Chair receives an additional retainer, as follows:
 - Audit and Compliance: \$5,000 quarterly
 - Compensation and Stock Option: \$2,500 quarterly
 - Nominating and Corporate Governance: \$2,500 quarterly

The Company offers a deferred fee plan for its non-employee directors under which participating directors may defer any or all of their retainer and meeting fees for specified time periods. The deferred fee plan is non-qualified for tax purposes. Deferred fees under the plan earn interest at the prime rate or, at each participating director's option, a return based on the Company's stock price performance over time. During fiscal 2022, none of the directors elected to defer any fees under this plan. The deferred fee plan does not provide for above-market or preferential earnings on deferred amounts. All directors are reimbursed for ordinary and necessary out-of-pocket expenses incurred in attending meetings of the Board of Directors and its committees.

Non-employee directors are also eligible to receive grants of non-qualified stock options and/or restricted stock under the Company's 2011 Plan and/or various equity award grants under the Company's 2017 Plan. During fiscal 2022, the Company granted Mrs. Neuhoff and Mr. Robinson each 2,031 shares of restricted stock and 2,031 non-qualified stock options under the 2017 Plan, as an initial grant in connection with joining the Board.

PROPOSAL 2 - APPROVAL, ON AN ADVISORY BASIS, OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

In accordance with the requirements of Section 14A of the Exchange Act and the related rules of the SEC, we are asking shareholders to vote, on an advisory (non-binding) basis, to approve the compensation of our Named Executive Officers as described in this Proxy Statement. This proposal, commonly known as a “say-on-pay” proposal, gives our shareholders the opportunity to express their views on our executive compensation program. Our most recent vote concerning the frequency of the say-on-pay vote was at our 2017 annual meeting of shareholders. Taking into consideration those voting results, we determined that we will hold an annual advisory vote to approve the compensation of our Named Executive Officers until the next required advisory vote on the frequency of such votes (which will take place at our 2023 annual meeting).

The Company’s compensation policies and programs are designed to attract and retain experienced and highly-qualified executives critical to our long-term success and to reward performance that is aligned with shareholder interests. The Board believes that our compensation policies and programs achieve those objectives. We encourage you to closely review the “*Compensation Discussion and Analysis*” and “*Executive Compensation*” sections of this Proxy Statement for more information on our Named Executive Officers’ compensation.

Compensation Highlights

The following highlights of our executive compensation program exemplify our long-standing commitment to sound compensation practices:

- Awards of long-term equity incentives, in the form of performance-based stock awards, stock options, restricted stock awards and restricted stock units, directly align the interests of our NEOs with those of shareholders.
- Linking the personal financial interests of our NEOs to the Company’s long-term performance discourages excessive risk-taking and encourages behavior that supports sustainable shareholder value creation.

We seek to engage in responsible compensation and governance practices that incorporate industry best standards and promote the interest of our shareholders. These practices include:

- Hiring and retaining top talent through competitive pay and benefits
- Aligning NEO compensation with shareholders' interests
- Maintaining a compensation clawback policy
- Maintaining an independent compensation committee that complies with SEC and NASDAQ public company independence requirements and Rule 16b-3 “non-employee director” requirements (to the extent required by applicable law and rules) and includes individuals with public company compensation committee experience.

The Board recommends that our shareholders vote FOR the following resolution:

“RESOLVED, that the compensation paid to the Company’s Named Executive Officers as disclosed in this Proxy Statement pursuant to the compensation disclosure requirements of the U.S. Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables, and the related narrative discussion provided herein, is hereby approved.”

Although this say-on-pay vote is advisory and, therefore, will not be binding on the Company, the Compensation and Stock Option Committee and the Board value the opinions of the Company’s shareholders. Accordingly, to the extent that there is a significant vote against the compensation of the Named Executive Officers, the Board will consider the shareholders’ concerns, and the Compensation and Stock Option Committee and the Board will evaluate what actions may be necessary or appropriate to address those concerns.

Required Vote and Recommendation

The affirmative vote of a majority of the shares voted by the shareholders of shares entitled to vote at the Annual Meeting is required to approve, on an advisory basis, the say-on-pay resolution supporting the compensation of our Named Executive Officers as described in this proxy statement. You may vote “for” or “against” or “abstain” from voting with respect to this proposal. Abstentions and “broker non-votes,” if any, will have no effect on the outcome of this proposal.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE APPROVAL, ON AN ADVISORY (NON-BINDING) BASIS, OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THIS PROXY STATEMENT.

PROPOSAL 3 - RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Our Audit and Compliance Committee is directly responsible for the appointment, compensation, retention, and oversight of our independent registered public accounting firm. The Audit and Compliance Committee engages in an annual evaluation of the independent public accounting firm’s qualifications and also considers the advisability and potential impact of selecting a different independent registered public accounting firm.

After assessing the performance and independence of the Company’s independent registered public accounting firm for fiscal years 2022 and 2021, RSM US LLP, the Audit and Compliance Committee believes that retaining RSM US LLP is in the best interests of our Company and has therefore appointed RSM US LLP as our independent registered public accounting firm to audit the consolidated financial statements and the effectiveness of internal control over financial reporting of the Company and its subsidiaries for the 2023 fiscal year.

Although it is not required to do so, our Board is asking shareholders to ratify RSM US LLP’s appointment as a matter of good corporate governance. If our shareholders do not ratify the appointment, the Audit and Compliance Committee will consider changing our independent registered public accounting firm for the 2023 fiscal year, but it is not required to do so. Whether or not shareholders ratify RSM US LLP’s appointment, the Audit and Compliance Committee may appoint a different independent registered public accounting firm at any time if it determines that such a change is appropriate.

RSM US LLP has advised our Audit and Compliance Committee that the firm did not have any direct financial interest or any material indirect financial interest in the Company or any of its subsidiaries during the Company’s most recent fiscal year. We expect representatives of RSM US LLP to be present at the Annual Meeting with the opportunity to make a statement if they so desire, and we expect them to be available to respond to appropriate questions.

Audit Fees

The table below and the accompanying footnotes set forth the fees paid by the Company to RSM US LLP, for our last two fiscal years:

Description	Fiscal 2022	Fiscal 2021
Audit fees (1)	\$ 996,890	\$ 784,426
Audit-related fees (2)	104,291	87,675
Tax fees	—	—
All other fees	—	—
Total fees for all services	\$ 1,101,181	\$ 872,101

(1) **Audit fees** consisted of fees paid for assurance and related services related to the performance of the audit of our annual financial statements, review of the financial statements included in our quarterly reports on Form 10-Q, and services normally provided in connection with our statutory and regulatory filings. It also consisted of fees paid for services related to the issuance of \$300 million in aggregate principal amount of 7.0% senior notes due 2026.

(2) **Audit-related fees** consisted of fees paid for services related to the performance of the audit of our employee benefit plan.

Our Audit and Compliance Committee pre-approves all audit and permitted non-audit services provided to the Company by its independent registered public accounting firm. Our Audit and Compliance Committee annually pre-approves a list of services that the independent registered public accounting firm may provide, which consists of audit services, audit-related services, tax services, and certain other services. If the Company requests, or the independent registered public accounting firm suggests, additional services during the year, these services may be undertaken only after review and approval by the Audit and Compliance Committee Chair, who then reports on such services to the full Audit and Compliance Committee at its next regularly scheduled meeting after approval by the Chair. No audit or non-audit services were approved pursuant to the de minimis exception to the audit committee pre-approval requirements specified in Rule 2-01(c)(7)(i)(C) of Regulation S-X.

Required Vote and Recommendation

Approval of the proposal to ratify the appointment of RSM US LLP as the Company's independent registered public accounting firm for the 2023 fiscal year requires the affirmative vote of a majority of the shares voted on the proposal by the shareholders entitled to vote at the Annual Meeting. You may vote "for" or "against" or "abstain" from voting with respect to this proposal. Abstentions, if any, are not counted as votes cast and will have no effect on the outcome of the vote on this proposal.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR RATIFYING THE APPOINTMENT OF RSM US LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING MARCH 31, 2023.

REPORT OF THE AUDIT AND COMPLIANCE COMMITTEE

The Audit and Compliance Committee is composed of four directors, Charles D. Way (Chair), Ken R. Bramlett, Jr., Benjamin E. Robinson, III, and Darrell E. Whitaker, each of whom is independent within the meaning of both the applicable NASDAQ rules and the standards of independence for audit committee members under the Exchange Act. The Board has also determined that each current committee member is an “audit committee financial expert” as defined in Item 407(d)(5) of Regulation S-K. The Audit and Compliance Committee operates under a written charter approved by the Board.

The Company’s management is responsible for the Company’s financial reporting process, including the preparation of consolidated financial statements in accordance with U.S. generally accepted accounting principles, and for the Company’s system of internal controls, including establishing and maintaining adequate internal control over financial reporting. The Company’s independent registered public accounting firm is responsible for performing an independent audit of those financial statements and the effectiveness of the Company’s internal control over financial reporting. The responsibility of the Audit and Compliance Committee is to assist the Board in fulfilling its oversight responsibilities by monitoring these processes. The Audit and Compliance Committee does not itself prepare financial statements or perform audits, and its members are not auditors or certifiers of the Company’s financial statements. The Audit and Compliance Committee’s oversight of these processes and considerations and discussions with management and with the Company’s independent registered public accounting firm do not assure that the Company’s financial statements are presented in accordance with generally accepted accounting principles, that the audit of the Company’s financial statements has been carried out in accordance with generally accepted auditing standards, or that the Company has maintained effective internal control over financial reporting.

The Audit and Compliance Committee met with our management and our independent registered public accounting firm, RSM US LLP, to review and discuss the Company’s audited consolidated financial statements for the fiscal year ended March 31, 2022. The Audit and Compliance Committee also discussed with RSM US LLP the matters required to be discussed by Auditing Standard 1301, “*Communications with Audit Committees*,” issued by the Public Company Accounting Oversight Board (“PCAOB”).

The Audit and Compliance Committee received the written disclosures and the letter from RSM US LLP required by applicable requirements of the PCAOB regarding RSM US LLP’s communications with the Audit and Compliance Committee concerning independence, and the committee discussed with RSM US LLP that firm’s independence.

Based upon the Audit and Compliance Committee’s review and discussions described above, the Audit and Compliance Committee recommended that the Board include the audited consolidated financial statements for the fiscal year ended March 31, 2022 in the Company’s Annual Report on Form 10-K for the fiscal year ended March 31, 2022, for filing with the Securities and Exchange Commission.
